

## **Galenia Aloe Arborescens Frei Romano Zago 150 ml GEL**

### **PRODUCT DESCRIPTION**

Through a regular use, it replenishes the skin of the body by keeping its natural elasticity and tonic, all in a pleasant feeling of freshness.

The special gel formula ensures a quick and full absorption of the product. Recommended in case of skin irritation as an effective soother, for skin blemishes and as a refresher, it affords a complete aesthetic and functional recovery.

## **Galenia Aloe Arborescens Frei Romano Zago 50 ml OINTMENT**

### **PRODUCT DESCRIPTION**

Its regular use provides skin protection from external factors as well as relief from possible unpleasant skin sensations mainly depending on environmental causes. Its typical ointment consistency endows the product with a special moisturizing and softening action. Rich in soothing and protection properties, this ointment successfully treats slight skin damages caused by acne, scourges, insect bites or small burns.

Suitable as massage cream in the treatment of muscular and inflammatory disease.

# DECA ALOE ARBORESCENS

*Deca Aloes Arborescens S.r.l. - an Italian company which we built from this one fundamental ideal: to produce a range of cosmetic products and alimentary integrators made primarily from aloe-arborescens extracts.*

## Products from Nature

*Our mission is to bring people closer to the benefits of nature through unique products, aimed at well-being and beauty. The extracts from aloe arborescens, together with special ingredients bring about high quality products recommended for well-being and beauty.*

*A small range of products has been created, from developing research, to cater for the most complex consumer needs. Products originating from Deca Aloes Arborescens contain a unique combination of concentration and mixture so that the properties of aloe arborescens, along with its potency, and our methods of plant extraction make them different to the countless other products on the market.*

## **Galenia Aloe Arborescens Frei Romano Zago - 500 ml BOTTLE**

The Galenia Aloe Arborescens Frei Romano Zago 500 ml bottle is a complementary food whose base ingredients are Aloe Arborescens and Acacia Honey. Aloe Arborescens plant is very well-known for its multiple properties, among which are to be mentioned its activity at the gastroenteric level, its cleansing action and its intestinal rebalancing of metabolism. Such important properties make it a valid help to preserve the full body physiological health. Aloe Arborescens, as an active principle, is widely reported by the international bibliography to be a natural healer under many health aspects. It is highly advised to properly follow the instructions for use reported on packaging, as is the case with all nutritional complements.

The product should be taken in the quantity of a spoonful or a measure (10 ml) a few minutes before main meals (3 times a day), and always after shaking the bottle. Do not exceed recommended use. A correct storage of the product is highly recommended: possibly shelter it from light and heat and possibly store it in the refrigerator after opening.

*The Recipe of Whole Leaf Aloe Arborescens Juice, Honey and 1% distillate has been proven to provide the following benefits;*

- Provides gentle cleansing for the whole body
- 50% Aloe arborescens supplement with the complete array of Aloe's inherent beneficial properties, unheated and completely intact, superior to other forms
- The Aloe arborescens species: known to promote highly effective immune support\*
- Promotes healthy blood, cardiovascular, colon and immune system health\*
- Promotes great general health and well-being\*
- Is 200% richer in phytotherapeutic compounds than Aloe Vera.
- Gently cleans waste particles from deep within the body's organs.
- Can be taken by children and adults of all ages in all states of health
